Phenomenal Femmes

A WINE DINNER SERIES HIGHLIGHTING PIONEERING WOMEN OF THE WINE INDUSTRY

Featuring

LAURA CATENA

President of Bodega Catena Zapata & Owner of Luca & La Posta Wineries (Argentina)

Over a decade ago, Laura Catena had a vision of creating a new breed of Argentine wines: small quantities, artisan quality, & true to their individual terroirs. Thus, Luca & La Posta wineries were born. A pioneer of small-grower relations in Mendoza, Laura's limited production wines come from Argentina's best fruit from low-yield, high elevation, family-owned vineyards. Her final varietal blends deliver power along with complexity & finesse, & are the ultimate expression of rigorous vineyard management & skilled winemaking.
